Profilo Storico Modellistico

La Bugatti Type 35 è tra le più iconiche e significative vetture della Storia dell'automobilismo sportivo. Capolavoro di Ettore Bugatti è un eccellente mix di competenze ingegneristiche, design, eleganza, leggerezza e velocità. Prodotta durante gli anni '20 conquistò nelle competizioni su strada e su pista un numero incredibile di vittorie. Venne infatti specificatamente progettata per il mondo delle competizioni con l'introduzione di soluzioni tecniche e meccaniche che la rendevano ideale per i circuiti dell'epoca. Si caratterizzava, da un punto di vista estetico, per l'inconfondibile forma del radiatore a ferro di cavallo, marchio di fabbrica della casa automobilistica Bugatti. Grazie al suo motore di 8 cilindri da 2.263 cm³, associato ad un cambio meccanico a quattro rapporti, ed equipaggiato con compressore volumetrico, la Bugatti Type35B era in grado di raggiungere la velocità massima di 210 Km/h. Venne prodotta, in un numero limitato di esemplari, sino al 1930.

VERSION A:
BOEING F-15E STRIKE EAGLE, 91-0327, "GREEN GOBLIN", USAF 492ND FS, 48TH TFW, RAF LAKENHEATH, UK, "INHERENT RESOLVE" OPERATIONS, AUGUST 2020
